Questions? E-mail us at: [contactus@nkwsd.com](mailto:contactus@nkwsd.com)

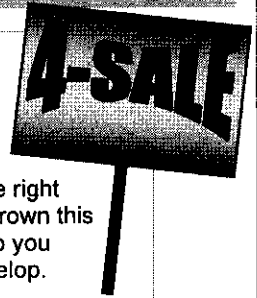

Regular Board Meetings next month are scheduled for Thursdays, April 5th and April 19th at 12:30 p.m.

### Conservation Tip:

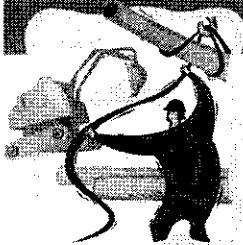

Use a broom instead of a hose to clean your driveway and sidewalk and save money every time.

If you've been by the office lately, you have noticed the For Sale sign. Yes, we are going to be relocating as soon as we find the right spot. We've just out-grown this location. We will keep you posted as events develop.

### Construction News:

**Chilco West** - Bids were opened on March 14th for the waterline installation project from the east side of Highway 95 to 4,000' west of Highway 95 along Chilco Road. Scarsella Brothers was the low bidder. This project is LID #4 and is being funded by a low interest long term loan from DEQ, which will be repaid by the specific properties being served by the waterline. Existing constituents will not fund any portion of this work.

**Lancaster Road (New 16" Main)** - Work on this project is now complete. A few small punch list items remain, including repaving of the bike path west of Highway 95 along Lancaster Road. These items will be completed once the asphalt plants reopen for the season. Lakes Highway District's road project from Government Way to Ferndale is now in full swing. Fortunately, the mild winter has allowed NKWD to install the new 16" water main ahead of the road project.

**Avondale Waterline Replacement** - The remaining phase of the Avondale waterline project will be starting within the next 45 days. Streets affected are Eastshore Drive, Friar Drive and the intersection of Saxon. S&L Underground is the contractor for the project.

### ATTENTION SNOW BIRDS

We need at least 24 hours notice to have your water reconnected for the summer.
