Tom Crimmins, Board of Directors President

Mike Galante, District Manager

Board Meetings - Meetings are held at the District office on the 1st and 3rd Thursday of each month at 12:30 p.m.

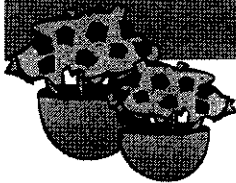

NKWSD OFFICE HOURS

Our normal office hours are
Monday through Friday, 8:30 a.m. - 4:45 p.m.

We have found our new home. We are anticipating to be into our new office by the end of June. Our new address will be 13649 N Meyer Rd., Rathdrum 83858. If things go according to plan, we will be closed June 25, 26 & 27 for the move.

Conservation Tip:

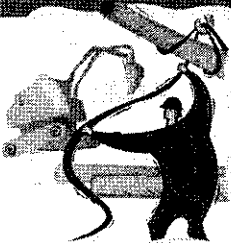

Choose shrubs and groundcovers instead of turf for hard-to-water areas such as steep slopes and isolated strips.

Annual Backflow Testing

If you have not had your backflow device tested on your automatic sprinkler system, you are required to do so now. Having water backflow from your lawn into drinking water can be very dangerous. Protect yourself and others by having this done this month.

Construction and Office News:

Chilco – The Chilco West waterline project is well underway. Residents along Chilco Road and Old Hwy 95 at Chilco Road have joined the District and agreed to a LID to cover the costs of a waterline extension to service their properties. Costs for the project are being funded by DEQ's State Revolving Fund. The residents will make an annual payment to repay the cost of the waterline project over a 30 year term. Completion of the project is set for mid-June. Scarsella Brothers is the general contractor installing the waterline and meter services.

Standby power for the Chilco pump house will also be installed this month. The standby generator will power the two Chilco wells and the entire booster pumps system if necessary.

Avondale Phase 2 - S&L Underground has started the installation of the new waterline on Eastshore Drive. Along with a new main line, new service lines, meter boxes, and water meters will be installed. Completion time for the project including the paving is 60 days.

District Office & Shop - The District has sold our office and shop property on Hayden Avenue. We will be moving into a facility at 13649 N. Meyer Road in Rathdrum in late June. Proceeds from the Hayden Avenue property nearly paid for the Meyer property. The existing building on Meyer has a small office with an attached shop area. The shop area is currently being remodeled into offices, meeting room, and record storage. A new 50'x100' pole building will serve as the District's Shop. This new facility will provide much needed space both for the office and for the field personnel.

ATTENTION SNOW BIRDS

We need at least 48 hours notice to have your water reconnected for the summer.

Sorry We'll be
CLOSED

Monday,
May 28th
in honor of
Memorial Day.

Remember, you must call 811 before digging for any reason, at any depth, at least 48 hours prior to digging.
