

The Water Connection

January 2013

Do you know how often you turn me on?

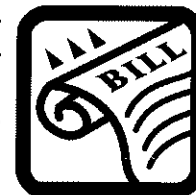

If only the water faucet could talk to us. It might remind us how often we turn to it for safe water to drink, to wash our clothes, to prepare our food, to provide us with the everyday quality of life we enjoy. It might remind us that the water pipes below our streets make so many everyday conveniences possible.—

Conservation Tip

Monitor your water bill for unusually high use. Your bill and water meter are tools that can help you discover leaks.

Interested parties must file for candidacy at the Kootenai County Board of Elections by March 22, 2013 before 5 p.m. You can come to our office or go to the Board of Elections website for a Declaration of Candidacy form. The Board of Elections website address is www.co.kootenai.id.us. Go to the Candidate Downloads tab, then to the Taxing District Candidate Declaration. For more information, contact the District office.

Office Hours

This winter the District's office hours were changed to be 7:30 a.m. to 4:00 p.m. We have found this to be a better service to our customers. We receive more customers calls and visits in the early morning than in the late afternoon. We are considering making this change permanent. If you have any comments, please contact the office.

Please Help!

Please help the local fire departments by keeping the snow clear from fire hydrants that are either on your property or near you. In the event of a fire emergency, this will save several valuable minutes.
