NORTH KOOTENAI WATER DISTRICT

P.O. Box 2290 ~ 1841 W. Hayden Avenue ~ Hayden, Idaho 83835
(208) 772-3619 ~ (208) 762-0355 Fax

Board of Directors:

Tom Crimmins, President
Jack Berger, Vice President
Richard Fairhurst, Secretary/Treasurer
Dave Weinstein, Director
Maimie Moore, Director

District Staff:

Mike Galante, District Manager
Mike Ormsby, District Attorney
Phil Boyd, P.E., District Engineer

PUBLIC MEETINGS

Public meetings are held at the District office at 12:30 p.m. on the first and third Thursday of each month; please feel free to attend.

Helping Those In Need

The District recently began accepting voluntary contributions from rate-payers to help with payment of water bills for those customers temporarily unable to pay. An additional one-dollar on your monthly payment would go a long way in continuing this help. Thank you.

REMINDER TO HOMEOWNERS

Each year owners of residential sprinkler systems are required by Idaho Code to have their backflow devices tested by a certified backflow tester. **Our Spring deadline for residential sprinkler system backflow tests is June 15th.** Please make arrangements to have your backflow technician complete this service for you. Non-compliance will result in the District hiring a backflow tester and billing you for the service and the District's time.

WATER CONSERVATION

MANDATORY NON-IRRIGATION HOURS

Commencing June 1, 2008, the NKWD Board will implement mandatory non-irrigation hours within the boundaries of the District for the months of June through September, inclusive. The mandatory non-irrigation hours shall run from 12:00 pm to 6:00 pm each day.

The District staff will notify those who violate these hours to remind them of the District's policy. This notification maybe in the form of door hangers, letters,

telephone calls or personal visit. Please do your part and comply with this District policy.

REQUIREMENTS FOR NEW RESIDENTIAL SUBDIVISIONS

The District Board recently adopted a policy that all new residential subdivisions will be required to develop an irrigation plan which incorporates moisture and/or rain sensors into their residential irrigation systems.

IMPLEMENTATION OF REBATE PROGRAM

As part of the District's on-going program to bring water conservation awareness to the District constituents, on May 1, 2008, the District adopted a program to provide rebates to customers who provide acceptable proof of expenditure of funds for the purchase and use of approved instruments to assist in water conservation. The Board believes its in the best interest of the District to encourage conservation by residents within the District and finds that its an appropriate way to use District funds to assist with this effort. A reduction in water use, which would be facilitated by implementation of this program, may assist the District in reducing the need for some of its future capital expenditures. Below please find the rebate eligibility requirements for your information. Should you have questions or require more information regarding this Rebate Program, please contact the District Office at 208/772-3619.

Applications for this Rebate Credit may be picked up at the District Office.

REBATE ELIGIBILITY REQUIREMENTS

- The rebate applicant must be a North Kootenai Water District residential customer with a water account in good standing.
- Eligible residences must be owner occupied, single family dwellings on the North Kootenai Water District System.
- The **maximum** one-time rebate credit per residential customer is \$75.
- All applications must include a copy of **proof of purchase** (in the form of a sales receipt or purchase invoice that specifies the product/service and date) **and UPC code**.
- The District will honor receipts for materials and/or services dated May 1, 2008 and after.
- Pre-existing products and services **are not** eligible.
- Prior to approval, an on-site inspection may be required by North Kootenai Water District.
- The total rebate credit per item cannot exceed 75% of the receipt amount.
- The application must be received within 6 months of purchase.

Rebate Credits are given on a first-come, first-serve basis until all rebate credit funds are distributed.
