EXHIBIT A
Petitions for Annexation

BEFORE THE BOARD OF DIRECTORS OF THE
NORTH KOOTENAI WATER DISTRICT
KOOTENAI COUNTY, IDAHO

IN THE MATTER OF THE INCLUSION OF
CERTAIN REAL PROPERTY IN NORTH
KOOTENAI WATER DISTRICT BY

PETITION FOR THE INCLUSION OF
CERTAIN REAL PROPERTY IN
NORTH KOOTENAI WATER DISTRICT

COMES NOW Petitioner, Welburn Family Trust and petitions the Board of
Directors of North Kootenai Water District ("District") as follows:

I.

Petitioners are the owners of the real property situated within the County of Kootenai, State of Idaho, particularly described in Exhibit "A", attached hereto, and incorporated herein by reference.

II.

Petitioners are desirous that the above-described property be included in, made or part of, and be served with water system improvements in North Kootenai Water District, Kootenai County, Idaho.

III.

Petitioners request that, in accordance with the provisions of Section 42-3218, Idaho Code, notice of the filing of this petition be given and published in the official newspaper of the District in Kootenai County, Idaho, said notice to give all persons interested an opportunity to appear and show cause in writing, if any they have, why this petition should not be granted at the hearing, time and place to be set by this Board; that further, assuming that no valid objections are made to the inclusion of the above-described property within the boundaries of the District, the Board enter its order that the above-described property be included within the boundaries of the District, and that such order be filed with the Clerk of the District Court, Kootenai County, Idaho and also with the State of Idaho Tax Commission.

IV.

That Petitioners are aware that, as a condition of annexation, the District may require that the land described in this petition be subjected to the following requirements:

1. The Petitioners shall pay for the actual costs incurred by the District for District administration, engineering, legal, inspection, and preparation of any necessary

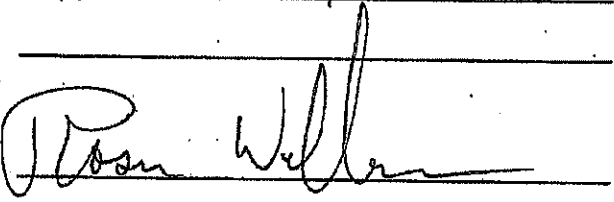

documents that are required by the District for annexation of the property. Such District costs shall include, but are not limited to, preparation of conditions of annexation, any needed water system master planning, design consultations, plan reviews, and final approval of the Petitioner's construction plans and specifications for water facilities.

2. The Petitioner shall be responsible for all water facilities that will be necessary to serve the Petitioner's annexed property. These water facilities will include those required within the annexed property as well as all necessary water facilities needed to extend water service from the District's existing facilities to those proposed to serve the annexed property. The District shall have the right to dictate where and how the Petitioner's water facilities that serve his annexed area may be connected to the District's water facilities. Upon completion of installation and approval by the District of all water facilities the Petitioner shall dedicate such facilities to the District.
3. The District shall not be obligated to serve any property annexed within the District where the District has determined there is not sufficient water system capacity to adequately serve such property. There shall arise no right to service or obligation by the District for service upon annexation and as among other properties annexed to the District, and there shall be no priority for service until each water connection permit has been obtained. If construction is not completed within two (2) years from the date the water connection permit was issued, any priority for service shall become null and void. The District may extend the time for completion upon a request by the property owner and a showing of good cause why such extension should be granted.
4. At the time each water connection permit is issued and prior to connection of the water system to each private facility, a service availability fee of no less than _____ Dollars (\$ _____) per lot or equivalent dwelling unit shall be paid to repay the District for the cost of developing the District's core water collector lines, and treatment facilities including the debt retirement of such facilities committed to prior to inclusion of the annexed property into the District. Such service availability fees may increase at such time as the District determines such fees are not adequate to reimburse the District for the cost incurred in developing the water system. The service availability fee shall be in addition to actual costs required for connecting to the actual main water line.
5. And such other conditions as the District may prescribe.

WHEREFORE, Petitioners pray that this petition be set for hearing at the earliest practicable time, and that the Board grant the petition including the conditions as set forth in Paragraph IV above.
